

ServiceM8 setup rebate: five checks before you pay

Up to A\$2,000 in account credit. Not a cash refund. Confirm current terms and available funds with ServiceM8 before committing.

1. Subscribe through the web dashboard

New subscribers must use the ServiceM8 web dashboard. Apple and Xero subscriptions are excluded.

2. Check both 60-day deadlines

Claim within 60 days of subscribing and the earliest partner invoice. Allow time to finish and pay for setup.

3. Gather every paid invoice; submit once

Complete all claimed services first. Submit deposit and final invoices together. Only one claim is permitted.

4. Verify the partner and scope

Use a certified partner on the official directory. Confirm your invoice describes qualifying first-time setup and training.

5. Plan the upfront cash

Pay the partner and first software month upfront. Approved credit offsets half the monthly base fee. Other offers do not stack.

Before submitting

Subscription date: _____ Earliest invoice date: _____
Earlier deadline: _____ Setup complete and all invoices paid: _____

Official terms and claim: servicem8.com/setup-rebate

Partner directory: servicem8.com/au/partner-directory

Checked 28 October 2026. Independent summary; ServiceM8 decides eligibility. No partner booking or commission arrangement is represented by this checklist.
